All Opposing Parties Are  
Represented in New  
Ministry

## PERSONNEL REMARKABLE

New Coalition Brings Together  
France's Elder and  
Younger Statesmen

## TO CONFER WITH POINCARE

PARIS, Oct. 29, (9:55 p. m.).—A new French cabinet headed by Aristide Briand as premier and minister of foreign affairs, came into existence tonight.

This is the first time in the history of the French Republic that there is a coalition ministry of all the opposing parties and factions. It follows closely on the recent innovation of forming a British coalition cabinet of conservatives and liberals. Culmination of Popular Sentiment. The action taken today in forming the cabinet was the culmination of a deep popular sentiment that at the supreme crisis of the war party division should give way to united action in common support of the government. As the result of the cabinet of Rene Viviani being representative of only a few political groups the ministers presented their collective resignations and President Poincare immediately charged Aristide Briand with the formation of a new organization combining all elements.

The resulting coalition is remarkable in personnel, including such venerable figures as Charles DeFreycinet, who was one of Gambetta's aides in the upheaval of 1870, Jules Meline, a former premier who instituted the protective system of France and Leon Bourgeois who is known as "the grand old man of the radical party," which has the largest membership in parliament.

The modern element is represented by conspicuous leaders of all the political groups of the country. Thus the new coalition brings together France's elder and younger statesmen and in personnel represents all the history of modern France since the fall of Napoleon III. The new cabinet also is notable in having the popular military leader, Gen. Gallieni, as the head of the war office and Rear-Admiral La Caze as head of the ministry of marine, both of them replacing civilians.

Organization Rapidly Consummated. The designation of Jules Cambon, former ambassador at Washington, Madrid and Berlin as secretary-general to the minister of foreign affairs is another innovation in the new cabinet as it places an ambassador of wide experience for the first time in responsible direction of foreign questions. The organization of the new cabinet headed by M. Viviani resigned at 11 o'clock this morning and within an hour M. Briand was holding a conference with the men who were to form the new government. They assembled again late this afternoon and finally assigned men to several of the lesser positions. The cabinet will proceed in a body to the Elysee Palace tomorrow for its first conference with the president and later will formulate a ministerial declaration of policy.

## EIGHT JURORS ARE SELECTED TO TRY "CHICKEN JOE" CAMPBELL

JOLIET, Ill., Oct. 29.—Eight jurors were selected today to try "Chicken Joe" Campbell, trusty servant of former warden E. M. Allen, on trial here for the murder of Mrs. Odette Maizee Allen on June 20th, in the warden's quarters at the state prison.

The rapidity with which the jurors were selected led the lawyers in the case to predict that the jury would be completed tomorrow and the taking of evidence started on Monday.

## TWO MEMBERS OF CARNEGIE HERO FUND COMMISSION RESIGN

PITTSBURGH, Oct. 29.—Two members of the Carnegie hero fund commission resigned here tonight, at the fall meeting.

Alvah C. Dinkey, former president of the Carnegie Steel company and now head of the Midvale Steel corporation, submitted his resignation as did William L. Abbott. Removal from the city was the reason given by both.

A resolution on the death of William N. Frew, member of the commission who died last night was adopted.

## FLOODS DAMAGE TOWN.

Paris, Oct. 29.—Perpignan, a city of southern France in the foothills of the eastern Pyrenees, reports that damage amounting to several million francs has been caused in that region by the overflow of the Basse river. At Riversalles, the home town of Gen. Joffre, a railroad bridge was swept away and communication with Narbonne was cut.

## BANQUET FEATURES SUFFRAGE CONVENTION

THREE STATE SENATORS AND ONE  
REPRESENTATIVE SPEAK

All Hope That a "Dry" Plank Will  
Go Into Platform of Resolutions  
to Be Presented Today Is Abandoned—Election Will Be Held  
Today.

Peoria, Ill., Oct. 29.—Three state senators and one representative were after dinner speakers at the banquet which featured the social functions of the 46th annual convention of the Illinois Equal Suffrage association convention here tonight. Senator J. H. Cleary extended greetings to the delegates and their friends. Richard J. Barr of Joliet, spoke on suffrage from a legislative standpoint and Senator H. S. Magill talked on suffrage.

Representative Claude U. Stone of Peoria, lead the program with a welcome address. Miss Zone Gale, gave a reading and Mrs. Frank Shepard of Elgin, closed the program of speaking to a toast on suffrage and marriage.

All hope that a "dry" plank would go into the platform of resolutions which will be presented by Mrs. William Severin tomorrow was abandoned tonight.

The resolutions to be adopted aside from containing planks for a constitutional convention to secure full suffrage for Illinois women probably will be notable more for what they do not contain.

Mrs. Grace Wilbur Trout intimated tonight that there would be no peace plank in the platform and that no endorsement of President Wilson's foreign policies will be made, altho the convention has been strongly urged to make these endorsements.

Balloons will be cast tomorrow for the slate put in nomination on Thursday and there will be no contests except for members of the state board when nine directors will be selected from sixteen nominees. The convention will probably adjourn sine die at noon.

## MELLEN DID NOT KNOW OF HALL'S POLITICAL ACTIVITIES

NEW YORK, Oct. 29.—Charles S. Mellen told the court, at the trial of the eleven directors of the New York New Haven & Hartford railroad company today that he had never known of the political activities of the late John M. Hall, vice-president and later president of the New Haven, in influencing legislation in favor of the New Haven, nor as far as he knew, was the existence of the numerous letters which Hill wrote on the subject known to other directors or officers of the company.

Mr. Mellen made this statement before leaving the witness stand temporarily to permit the government to put in its testimony against the defendants covering the five year period of his absence in the west 1898 to 1903.

## ADJUDGE MAN INSANE WHO INSISTS HE IS MAYOR THOMPSON

PANA, Ill., Oct. 29.—A man who insisted he was Mayor Thompson of Chicago was adjudged insane at Taylorville, Ill., today and ordered committed to the State hospital at Jacksonville. The police say the man is Peter Thompson of Chicago and that he has a wife and children there. He was arrested after he had demanded a certificate attesting to his physical ability to fill the office of mayor of Chicago, from a local physician.

## UNDERWOOD WITHHOLDS VIEWS

Washington, Oct. 29.—Oscar W. Underwood, senator-elect from Alabama, said today that he would wait until the army and navy experts had reached their conclusions before expressing his views on national defense.

The new senator declared that he favored a reasonable defense, although he was not prepared now to say what he meant by that term as he was not "in expert on these matters."

## SERVICE FOR MISS CAVELL

London, Oct. 29.—A service at St. Paul's cathedral today in memory of Miss Edith Cavell, the British nurse who was executed in Brussels, was attended by a throng which recalled the funeral of Lord Roberts at the cathedral almost a year ago.

Before 10 o'clock signs bearing the words "church full" were hung at all the doors except the one reserved for ticket holders.

## WELLS BEATS WHITE.

Milwaukee, Wis., Oct. 29.—Mat Wells, the English light-weight was accorded the newspaper decision by a shade over Charley White of Chicago in a sensational ten round bout here tonight. Popular opinion also conceded Wells the decision.

## WILL NOT REINSTATE ATHLETES

New Haven, Conn., Oct. 29.—Yale will not reinstate five athletes who recently withdrew from intercollegiate competition, so long as the Yale rule concerning playing so-called summer baseball stands in its present form.

## DECLINES TO EXPRESS OPINION.

Washington, Oct. 29.—The United States has declined to express any opinion as to whether it approves the proposed change in China from a republic to a monarchy.

## HILLES AND M'COMBS CALL MEETINGS

National Committees to  
Select Cities for Com-  
ing Conventions

## BOTH MEET AT CAPITAL

Hilles Sets Forth Probable Line  
of Campaign to Be Followed  
By the Republican Party

## TO ATTACK DEMOCRAT TARIFF

NEW YORK, Oct. 29.—Chairmen of both the Democratic and Republican national committees tonight issued calls for meetings in Washington to select cities for the coming national conventions. The Democrats will meet on Dec. 7th, and the Republicans Dec. 15th.

In addition to issuing his call, Chairman Charles D. Hilles of the Republican National committee set forth the probable line of campaign to be followed by his party. It will include:

To Attack Democratic Tariff.  
"An attack on the Democratic tariff."

"Criticism of the administration's handling of the affairs in Europe and Mexico."

"Charges that Democracy has failed to keep its promise of an economical administration and has failed to keep its 1912 platform pledges, including the declaration in favor of a single term for the president."

"Attacks on the administration's government ship bill and other administration measures."

Mr. Hilles declared that there was no lack of interest in the presidential race. Active organizations he said, are in the field for Senators Burton, Weeks, Cummins, Borah, Smith and Sherman. Others who have strong followings he said are Justice Hughes, Elihu Root, Philander C. Knox, Charles Warren Fairbanks and Governor Brumbaugh of Pennsylvania.

He also added that he had positive assurance that William Howard Taft will not consider another nomination for the presidency.

Three Cities Want Meeting.  
Chicago, St. Louis and Dallas, Texas, have applied for the Democratic convention. The two first named have offered to meet all of the expenses of the National committee. Dallas has offered the use of an auditorium and a bonus of \$100,000.

In some quarters there is sentiment in favor of putting New York into the contest but as yet no formal application has been filed by representatives of this city. It has been more than fifty years since a convention was held here. The date for the meeting of the committee was set after Mr. McCombs had conferred with President Wilson by telephone. The date was agreeable to the president, Mr. McCombs said.

## WAR IS INCREASING ORGANIC DISEASES.

New York, Oct. 29.—The sufferings and emotions of the war are straining the nervous systems of millions of people in Europe and increasing organic diseases at a rapid rate, in the opinion of Dr. George W. Crile, the noted Cleveland surgeon, who was in charge of Western Reserve university unit of the American Ambulance in Paris.

## MACHINISTS STRIKE.

Hamilton, Ohio, Oct. 29.—About 500 machinists employed at the Niles Tool Works of this city, a branch of the Niles Cement Pond company, struck today when their demand for an eight hour day with no reduction of pay was refused. This makes more than eleven hundred machinists on strike in this city.

## CONFER WITH GARRISON.

Washington, Oct. 29.—Members of the executive committee of the National Guard association some of whom have expressed opposition to the Continental army feature of the administration's national defense program, held long conferences today and tonight with Secretary Garrison, officers of the general staff and the national militia board.

## BRYAN SPEAKS IN XENIA.

Xenia, Ohio, Oct. 29.—William J. Bryan began the sixth day of his campaign for a dry Ohio with an address here this morning, in which he urged voters to support the proposed prohibition amendment to the state constitution.

## MAKE MEMORANDUM PUBLIC.

Washington, Oct. 29.—A memorandum from the German government explaining the unsuccessful attempt of a submarine to torpedo the Cunard liner Orduna was made public here tonight for the first time. It reveals that as early as July 9th, German commanders had instructions not to "sink large passenger steamers" without warning.

## TELEGRAPHIC BRIEFS

MIDDLEBURY, Vt., Oct. 29.—John W. Stewart, a former member of the United States senate and formerly governor of the state died suddenly today of heart disease. He was 90 years of age.

ALBANY, Ga., Oct. 29.—W. E. Hutt, of Raleigh, N. C., was re-elected president of the National Nut Growers' association, which adjourned its fourteenth annual convention here last night.

CHICAGO, Oct. 29.—Hearing before the state public utilities commission of the complaint of Meyer J. Stein, law clerk of the state senate, that the public service company of Illinois conducts a merchandising business in excess of its charter rights, began today.

CHICAGO, Oct. 29.—The eighteen railroads involved in a demand made a month ago by four thousand Chicago switchmen for an increase of five cents an hour have rejected the demand, it was learned today, and committees representing the two sides will attempt to compromise.

PARIS, Oct. 29.—The Serbian legation announced today the death of Lazard Pascua, former Serbian minister of finance. M. Pascua was a member of the present Serbian cabinet. He resigned early this month on account of ill health.

HAZELTON, Pa., Oct. 29.—This was "Mitchell Day" throughout the anthracite field of Pennsylvania in honor of the fifteenth anniversary of the termination of the big strike of 1900, the first conducted in the hard coal belt by John Mitchell, then national president of the United Mine Workers of America.

OTAWA, Ill., Oct. 29.—James K. Fox was killed and Ernest Putterer, chauffeur, was badly injured when a fast Rock Island train struck a taxicab here today.

KANSAS CITY, Oct. 29.—H. L. Stroud, forty-seven years old, proprietor of a motor livery business, was in a hospital in a serious condition today, the result of being shot in the abdomen last night by a man, supposed to be the father of a boy recently run over and killed by a motor car driven by Stroud.

NEW YORK, Oct. 29.—The super-dreadnought Nevada, the first oil-burning battleship of the United States navy, lay at anchor off Tompkinsville today ready for her government tests off the main coast. The tests are expected to continue for about a week.

CLEVELAND, Oct. 29.—In a fight today sixty feet in the air on a perch of the new level bridge over the Cuyahoga river, Frank Wright, storekeeper for bridge contractors, was killed by a fellow workman with an iron bar.

NEW ORLEANS, Oct. 29.—Advises to Mexicans here today said Gen. C. H. M. Agramonte, a prominent member of the American colony in Mexico City and once president of the American Society, had been executed by Carranza officials in the capital about ten days ago.

NEW YORK, Oct. 29.—According to private information in shipping circles here the British government has requisitioned 15 steamers of the Nelson line for the transport of refrigerated products from Argentina and Uruguay.

THE PAS, Manitoba, Oct. 22.—Two Catholic priests and two prospectors are reported to have been murdered by Eskimos, north of Chesterfield Inlet, Hudson Bay, according to Captain Lethbridge of the Royal Northwest police boat Village Belle, which arrived here today from Northern waters.

## J. P. MORGAN UNDERGOES AN APPENDICITIS OPERATION

NEW YORK, Oct. 29.—J. P. Morgan, who has been at his desk a little over two months since recovering from bullet wounds inflicted by Erich Mueunter, the mad professor, who attempted to kill the financier last July, is again confined to his bed and under the care of specialists, this time from an attack of appendicitis. Mr. Morgan went through an operation today, which attendant specialists afterward described as successful. The patient's attack of appendicitis was mild in character, it was said. Apparently the financier has fully recovered from the effects of the two bullet wounds he sustained. His general health, his doctors said, was so excellent that his prompt recovery from the operation of today was confidently expected.

## HENSENS NOT ARRESTED.

Dodge City, Kans., Oct. 29.—Jared Hensen and two sons, reported arrested in connection with the murder last Friday of Miss Nellie Byers, a school teacher in Grant county, were not taken in custody, officers explained today, but their home near the scene of the crime was placed under surveillance.

## JAPAN SIGNS AGREEMENT.

London, Oct. 29.—Japan has become a party to the agreement not to conclude a separate peace.

Italy is a party to this agreement, having given adhesion to it at the time she entered the war last May. Great Britain, France and Russia signed an agreement a year ago last September.

## CONSIDINE WITHOUT MEANS.

Seattle, Wn., Oct. 29.—John Considine, member of a theatrical firm of Sullivan & Considine who a few years ago was reputed a millionaire, testified in the superior court here today that he was entirely without means and that he owed \$300,000.

## AMERICANS ARE PLACED IN DANGER

Villa Governor of Sonora  
Posts Threat at  
Cananea

## PROTESTS TO CAPITAL

States Unless Permission Given  
Carranza Is Withdrawn Ameri-  
cans Will Not Be Safe

## NO SIGN OF REINFORCEMENTS

DOUGLAS, Ariz., Oct. 29.—At least fifty and perhaps one hundred Americans in that part of the state of Sonora controlled by Villa partisans were placed in grave danger today by the posting at Cananea of printed copies of the protest which Carlos Randall, acting Villa governor sent to the state department at Washington. This protest declared that unless permission given General Carranza to transport troops over American territory to Agua Prieta was not immediately revoked "there would be no safety for American citizens in Sonora, much less for their property."

At Cananea alone American mining interests have property valued at millions of dollars.

Already Hold Seven Americans.  
Seven Americans already are in the hands of Villa troops, according to information obtainable tonight.

James Carr, Sr., James Carr, Jr., Lawrence Carr and William Doran are held at Esqueda and three Americans employed on the El Tigre power line, Archie McDonald and two others named Nelson and Greene, are prisoners at Fronteras.

It was at first believed these men were kept from coming to the border to prevent information leaking out of the movement of Villa troops but friends showed much anxiety after learning of the Randall threat.

The acting Villa governor announced today that Agua Prieta already was under siege but the situation on the surface remained the same. The main body of Villa's army was believed to be still resting at Fronteras thirty five miles south of here but General P. Elias Calles, commanding 3,700 Carranza troops at Agua Prieta detached 400 soldiers late today and sent them under command of Colonel Lazaro Cardenas to Jabulona, fifteen miles south, where a Villa advance guard of several hundred men was supposed to be.

No Sign of Reinforcements.  
Sifting of information received here was attended by greatest difficulties. General Calles had information today that reinforcements from Piedras Negras would arrive in Sonora but there was no sign of them. Reports came from El Paso that they might not come for several days if at all.

The Calles men continued today digging trenches facing the American border, with the avowed intention of checkmating the strategy practiced by their opponents in one of the battles at Naco, Sonora, when Villa soldiers slipped around to the United States side and attacked from the rear.

Nothing like that, however, is likely to occur in this instance. Between 5,000 and 6,000 American troops are on the ground here with orders to keep both Mexican combatants and their bullets out of the United States.

## Unpack Ammunition.

An artillery regiment was parked east of Douglas today, busily engaged in unpacking ammunition said to include 39,000 rounds of shrapnel and high explosive shells and putting them in caissons.

General Benjamin Hill of Carranza's army who arrived here yesterday called on General Calles today and later it was announced that any differences they might have had regarding the conduct of the siege of Naco last year had been forgotten.

## CARRANZA ASSURES

Austin, Tex., Oct. 29.—Assurances that every effort would be made to prevent lawlessness on the Texas border were sent to Governor Ferguson today in a telegram from General Carranza, dated Torreon, Mex. Heartly good wishes for the state of Texas were expressed.

## TO PUT LAW INTO EFFECT

Madison, Wis., Oct. 29.—The Wisconsin sterilization law will be put into effect in November, according to a statement by the state board of control with twenty four operations on patients in the feeble minded institution at Chippewa Falls.

## WEATHER FORECAST AND TEMPERATURES.

Illinois.—Fair Saturday and Sunday, with continued mild temperatures.

## SEVEN HUNDRED STRIKE.

Chicago, Oct. 29.—Most of the seven hundred employees of the Edwards Valve & Manufacturing company at East Chicago went on strike today. The firm is engaged in making shrapnel shells for the nations now at war in Europe.

## CONSIDER AMENDMENTS TO FEDERAL RESERVE ACT

MORE THAN A DOZEN SUGGESTIONS  
ARE FAVORED

Board Has not Yet Formally Approved Proposals—Most of Them are of a Technical Nature, Designed to Strengthen the System.

Washington, Oct. 29.—Members of the federal reserve board are considering several amendments to the federal reserve act which probably will be laid before congress at the next session. Although the board has not yet formally approved these suggestions there are more than a dozen which are looked upon by individuals members as of sufficient importance to warrant favorable action. Most of the proposed amendments are of a technical nature, designed to strengthen the system. One of the more important would change the law so that acceptances based upon domestic and commercial transactions may be handled by federal reserve banks. A similar suggestion was under consideration at the time of the passage of the reserve act and again last winter but it was not then believed that the system had been tried out sufficiently or that the reserve banks then had sufficient funds in capital or reserves to support such a change.

Another proposed amendment would require member banks immediately to pay in their contributions to the capital stock of their reserve bank and deposit the total amount of reserves, instead of spreading these operations over a period of thirty six months as the existing law provides. Reports of the comptroller of the currency shows that the banks of the country are in excellent shape and it is regarded as probable that they could meet such new requirements which would increase the resources of the twelve federal banks by several hundred million dollars, without interfering with current business.

The proposal to ask members to appoint joint correspondents abroad and other plans for strengthening the financial relations with foreign countries are expected to be presented to congress.

## INJURY OF KING GEORGE IS NOT CONSIDERED OF A SERIOUS NATURE

English Monarch is Thrown From  
Horse While Inspecting Troops in  
France.

London, Oct. 29.—It was said tonight on good authority that King George, who was thrown from his horse yesterday while inspecting British troops in France, was resting easily. It was considered his injury was not of a serious nature.

A letter despatch from British headquarters describing the accident to the king, says he had just completed an inspection of one corps and was on his way to inspect another when cheers from the troops who knew their caps in the air, caused his horse to rear. The king managed to regain control of the horse, which, however, reared again and fell over backward, throwing the king to the ground. He was immediately assisted to a motor car and while going away was able to return the salutes of the troops as he sat in the corner of the car.

That the king was not more seriously injured, doubtless was due to the fact that he is very much at home in the saddle and is considered more than an ordinary rider, being quite as good as the average mounted officer in the army.

## TEMPERANCE DRINKS DOOMED.

Des Moines, Ia., Oct. 29.—The doom of so-called temperance drinks in Des Moines was announced by District Judge Hubert Underback today, when he fined ten druggists, all of whom were charged with contempt of court in that they are alleged to have sold malt drinks or elder since being enjoined for selling beverages containing alcohol. One druggist was fined \$500 and the others \$200 each.

## JUSTICE GRANTS MOTION.

New York, Oct. 29.—Supreme Court Justice Kelly, Brooklyn, today granted the motion made by attorneys for Frank L. Ferguson to vacate an order allowing attorneys for the Rev. Dr. Newell Dwight Hillis, pastor of Plymouth church, Brooklyn, to examine Ferguson before trial of the proceedings brought by Dr. Hillis to procure an accounting of his business affairs handled by Ferguson.

## WEATHER FORECAST AND TEMPERATURES.

Illinois.—Fair Saturday and Sunday, with continued mild temperatures.

Temperatures.		
The current maximum and minimum temperatures recorded Friday were:		
Jacksonville	64	75 39
Boston	58	66 46
Buffalo	48	59 50
New York	64	66 48
New Orleans	78	82 68
Chicago	62	69 44
Detroit	54	60 44
Omaha	72	78 48
St. Paul	58	62 38
Helena	50	60 42

## ATTEMPT TO CUT OFF SERB RETREAT

Germans Advance Slowly  
from North—Aust-  
rians Cross Border

## RUMANIA ABOUT TO ENTER

Reports from German Sources  
States Roumania Will Allow  
Passage of Russian Troops

## BATTLE FOR RIGA STILL RAGES

LONDON, Oct. 29.—The Germans with their Austrian and Bulgarian allies are still making an attempt to cut off the retreat of the main Serbian army, which is offering such spirited resistance to the invaders. While Field Marshal Von Mackensen's force advances slowly from the north, the Austrians have crossed the western border of Serbia south of Vizegrad and are moving eastward, and the Bulgarians are marching westward on a wide front from Piroet, which lies southeast of Nish to Zajecar, to the northeast of Nish.

## Austrians Attack Montenegro.

It is of course a long way across and the country is difficult to traverse but the Serbians are bound to defend it as long as possible, as their great arsenal at Kraguyvats is situated in this area and they doubtless will hold on with the hope of making an eventual retirement in the mountains along the Montenegrin frontier and in that country. To forestall this the Austrians also are attacking in Montenegro, but have made little progress as the Montenegrins under their veteran fighting king have had a long time to prepare for just such an event and thus far have beat off all attempts to throw them back. In fact the Montenegrins hold some strong positions in Austrian territory out of which they will have to be driven before their own country is invaded.

There is no change in the southern area of Serbia so far as is known. The report that Uskup has been recaptured is not confirmed. The French however claim to have cleared the Bulgarians out of the Velez district. This, if true, would render Uskup an unsafe place for the invaders in the opinion of military men. In what other way Serbia is to be assisted has not yet been discussed. Some British troops are co-operating with the French in the scrub and others are on the way but where they will be used remains a secret.

## Roumania About to Enter War.

Russia's plans also have not yet been disclosed, altho from German sources it is reported Roumania is about to throw in her lot with the entente allies and allow the passage of a half million Russian troops thru her territory to attack Bulgaria from the north.

Greece has assured the entente powers that her neutrality remains friendly to them and has pointed out that she already has given them resistance by permitting the landing of their troops at Salonika.

In the west artillery engagements remain the chief method of warfare. In the east the battle is still raging for Riga and Dvinsk which for nearly two months Field Marshal Von Hindenburg has been endeavoring to reach, first from one point and then another.

During the past week the Germans have poured a perfect rain of shells on the Russian positions along a front of 150 miles from the mouth of the Dvina to the south of Dvinsk but altho the Russians are falling back a little in the north they have generally held firm and returned shot for shot. Thru the lake district between Dvinsk and Sventsyan, the Russians are steadily approaching the Vilna-Dvinsk railway. In the south they also continue harrying the Austro-Germans by frequent thrusts. Emperor Nicholas and his son are visiting General Ivanoff in this region.

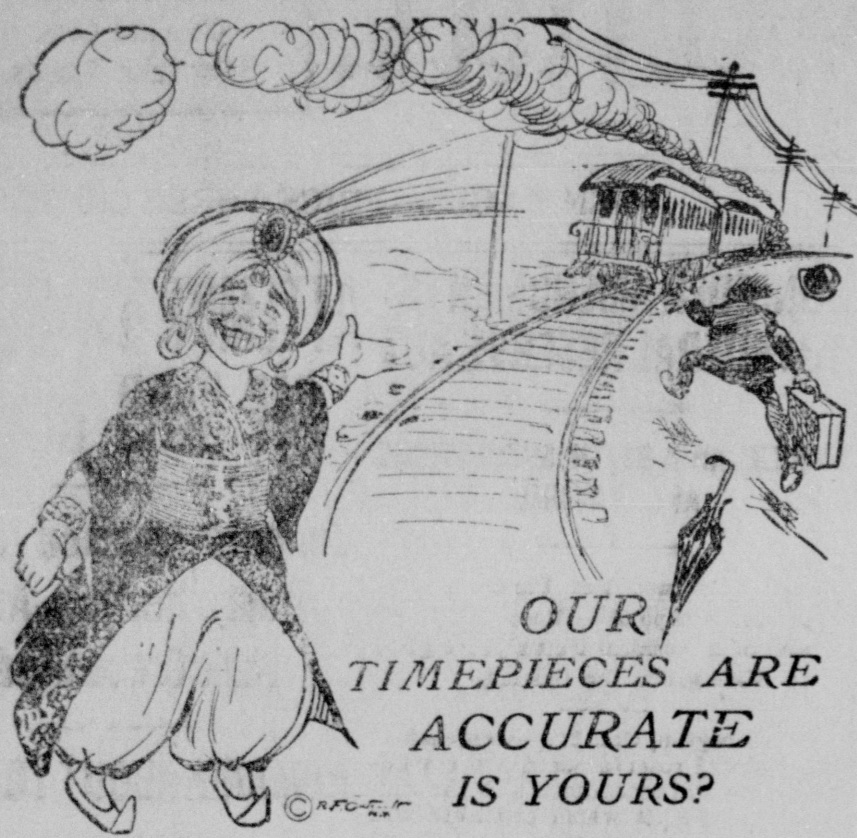

As the Germans are reported to have sent a part of General Von Linsingen's army from this region to the Roumanian frontier to guard against a Roumanian attack on Field Marshal Von Mackensen's forces in Serbia, important events are looked for along the Stry and in Galicia.

General Joffre, the French commander-in-chief has arrived in England. He had a long conference with Earl Kitchener today and also visited the other ministers.

## SEVEN HUNDRED STRIKE.

Chicago, Oct. 29.—Most of the seven hundred employees of the Edwards Valve & Manufacturing company at East Chicago went on strike today. The firm is engaged in making shrapnel shells for the nations now at war in Europe.

## Marthasville, Mo., Oct. 29.—A monument over the original graves of Daniel Bone and his wife, Rebecca B. Boone, was dedicated at Bryan cemetery near here today, under the auspices of the Daughters of the American Revolution.

While Jacksonville people have been discussing the relative advantages of oiling and sprinkling street pavements in Chicago in certain districts there has been an agitation against either. It has been argued there that in some districts it is better for the public to have the annoyance from dust and dirt than to encounter the danger from skidding automobiles. The question as debated in the big city takes the form of sprinkling vs skidding.

### Uniform High School Dress.

An effort is being made in Cleveland to have the girls of the high school wear a uniform dress. The movement has been started at this time because of extremes in color worn by some of the pupils. The question of uniform dress for high school girls has often been agitated, principally because pupils come from families of such varying wealth and sometimes because of difference in clothes the daughters of poor families feel embarrassment. A large company of girls in uniform dress make a splendid spectacle, but there are great difficulties in the way of adoption of such a system and the board of education which ordered it would take on a lot of trouble. To select a uniform dress becoming to hundreds of girls of all sorts and types would be a difficult task indeed, and to satisfy hundreds of feminine tastes with one idea of color and design approaches the impossible.

### Election Next Tuesday.

An election will be held in Morgan county next Tuesday, Nov. 3, when the voters will select a member of the board of county commissioners. Frank Taggart of Meredosia is the Republican candidate, and while not much has been heard of the election, Mr. Taggart has been visiting the various precincts of the county in the interest of his candidacy. He has for many years been a resident of Meredosia precinct and is a citizen and landowner who stands well in that community. If elected a member of the board of county commissioners he can be depended upon to devote the same earnest attention to the affairs of the county that he has to his own. The board of commissioners is now made up of three Democrats and there are abundant reasons for urging that both Republicans and Democrats be recognized upon the board. It is better for the interests of the public that no more than two members of the board represent any one party. A vote for Mr. Taggart next Tuesday will be a vote for a good business man and for a non-partisan board.

### Dunne Powerless in DeBerry Case.

Governor Dunne has issued a statement declaring his disgust because pictures of the execution of the negro DeBerry, in Jackson county are being shown but admitting that he has no power to stop them. All the details of the DeBerry execution and the public spectacle made of it by the action of the sheriff of Jackson county have been exceedingly distasteful to the people of Illinois. The effect of the sheriff's action in evading the law by swearing in a thousand or two more spectators as deputy sheriffs has been to create a disregard of law and do injury to public morals. It is certainly to be regretted if there is no authority whereby the governor of the state can put an end to further damage which may be done to the public by the display of the pictures of the execution. There may be no law which exactly covers the case, but it would be interesting to see if an injunction to prevent the showing of the pictures would not be sustained in court, or if an action for maintaining a nuisance of conducting a business detrimental to public morals would not "stick" before a jury.

### Secrets of Success.

From the Buffalo News.  
Some wise rules for success are wittily laid down, by an anonymous writer, in the following punning ways:

"What is the secret of success?" asked the Sphinx.  
"Push," said the button.  
"Take pains," said the window.  
"Never be lead," said the pencil.  
"Always keep cool," said the ice.  
"Be up to date," said the calendar.  
"Never lose your head," said the barrel.  
"Do a driving business," said the hammer.  
"Aspire to greater things," said the nutmeg.

### Share Boone Honors.

For years the state of Missouri has made claims for sharing with Kentucky the honor of having had Daniel Boone as a citizen. A great monument was erected years ago at Frankfort, Ky., in honor of the pioneer and it is said that his remains are buried there. Thursday a monument in his honor was dedicated at Marthasville, Mo., and there is a story that Boone's remains lie there in Missouri soil. It would be a difficult or impossible matter to prove which of the claims is right and under the circumstances possibly it is better for the two states to share in the honor of claiming Boone as a citizen. It is known from history that he first entered Kentucky in 1769 and was a resident there for nearly 30 years. At that time the territory, a part of which is now the state of Missouri, belonged to Spain and it was to accept a grant of 2,000 acres from the Spanish government that Boone left his Kentucky home to go out into the still newer country. It is said that Boone was displeased with some action taken by the Kentucky state officials when he made the change to Missouri and that he was influenced also by the "call of the wild" which had always been a large factor in shaping his career.

### Chicago Seeks Separate Board.

The state will watch with interest the result of the suit started by the corporation counsel of Chicago attacking the constitutionality of the law which created the state public utilities commission. A recent order by the utilities commission to the street railways in Chicago, for certain improvements in service, gave the opportunity to the city which shares in the earnings of the railway, to attack the law in a Cook county court. Under other conditions it would have been necessary in accordance with the law to bring action in Sangamon county.

The purpose of the suit is to secure home rule for Chicago, as citizens there have all along protested that the utilities of Chicago should be managed by a board separate and distinct from the state utilities commission. Should the suit win out on the contentions made, the present board would be wiped out. There is a feeling that there is a tendency toward too many commissions in Illinois, but the intent of the act which created the utilities commission is good. The governor was fortunate in a number of the selections he made for the board, and while they have not been serving long enough to fully demonstrate the advantages of the commission plan, they have shown an earnest desire to serve the interests of the people. It would be unfortunate at this time if the present suit were upheld and the board found to be an illegally appointed body.

The prompt denial from the White House of any responsibility for the recent utterances of Secretary Redfield gives color to the often repeated story that the secretary is not long to be a member of the official cabinet. Secretary Redfield's statements when in Chicago conducting the inquiry into the East land disaster, suggested him to considerable adverse criticism.

The denial just issued by the president's secretary referred to the recent statement by the secretary in which he indicated that the idea of the administration is to correct some recognized deficiencies in revenue matters rather by an amendment to the Clayton anti-trust act than by the passage of any measure providing for a protective tariff on some lines. The administration does not wish to become credited with the approval of this plan, and the implication is that the secretary not only must be considered a spokesman for President Wilson, but further that the president sees the need of certain tariff changes if

American manufacturers are to be given proper recognition. Evidently the president has had some change of views with reference to the need of a protective tariff at least along certain lines, and he has also in mind the desirability of a course satisfactory to a large number of business interests.

**Railroads Place Order.**  
One favorable indication that general business is on the up grade is found in orders being placed by the railroads. The Pennsylvania recently purchased 75 freight engines and gave orders for 175 tons of steel rail. Other big railroad systems have made purchases indicating that the railroad men are once more willing to undertake building and repair operations. There has been no activity along these lines for several years, both on account of depressed business conditions and because the railroads have declared that there has been too much regulation of their business without fair consideration of their earning values. There was for a time an attitude on the part of the public of being too severe on the railroads charging them with "excess rates." Action of the Interstate Commerce commission has given some relief to the roads and the public has come to recognize also that the railroads have had vastly increasing expenses, just as has other business. While the attitude of the public was unfair to the roads in some instances, in general the effect was beneficial and certain known evils in railroad finance and management have been corrected by that public sentiment.

## ORLEANS FARMERS CONSIDER PLANS FOR CONSTRUCTION OF ELEVATOR

Orleans may soon have a farmers' co-operative elevator if plans discussed at a meeting at East Liberty school house recently work out to a successful completion. For several days, men interested in the venture have been engaged in securing subscriptions and more specific plans. It is probable will be announced in a short time.

The Orleans company would expect to put up an up-to-date structure, fitted in all ways to meet the needs of the community. The work of sounding out sentiment for the project is in charge of a committee composed of Frank Dannerberger, Clark Stevenson and Fred Moeller.

## Rippling Rhymes By WALT MASON

OCTOBER.

In sad October Dame Nature's sober,  
the skies are bleak o'erhead, and  
winds seem sighing, "All things are  
dying, if not already dead." The

frost lies hoary where late the glory of flowers was seen at morn; the rustle of pumpkins brings home the pumpkin and shucks the yellow corn. The sun is hiding save when, dividing, the clouds give him a chance to make a showing and do some glowing, and then we sing and dance. Now helter-skelter the cows seek shelter, when cold night winds arise; the colts and fillies all have the willies, and run as for a prize. The flies are reeling along the ceiling, their labors nearly o'er; the wind is wailing. "The Autumn's falling, and Winter's at the door!" The Autumn's dwindling—last bought the kindling and other furnace food? Has bought the maple and other staple and standard brands of wood? It's late October the earth will robe ere long in snow and storm, and if we're ready we'll be ready, and have our wigmans warm.

## THIRTY-FIVE HUNDRED LETTERS SENT OUT BY SECRETARY WEBER

Plans are Being Perfected for Old Fashioned Burgoo Picnic to be Held in Central Park Next Wednesday.

The second annual Old Fashioned Burgoo Picnic which will be extended to the farmers of Morgan county and surrounding territory Wednesday, November 3rd, in Central park promise to be a very interesting affair. 3500 letters have been sent out by Secretary Carl H. Weber since Thursday noon and with these letters have been enclosed 7500 free tickets for the burgoo soup which will be served. The host of letters included 41 rural routes and 18 towns. 1000 gallons of soup will be made by Isaac Watson and in the soup will go 800 soup bones, 140 ox tails, 200 chickens, 4 bushels of potatoes, 3 bushels of onions, 40 heads of cabbage, 300 cans of corn, 180 cans of tomatoes, 35 pounds of rice; 35 pounds of noodles. Dinner will be served from 11 o'clock on. It may be that a number of friends have been overlooked in the invitations and these are cordially invited and they can secure tickets at any of the banks of the city.

As is noted in the letter sent out there will be an interesting display of farming implements, machinery, automobiles, trucks, tractors, road machinery and far mand household accessories. The merchants have also arranged to have special window displays. Music for the afternoon will be furnished by Jeffries band of 25 pieces. Every effort will be made to have one of the largest attendance from the rural districts ever assembled in the city and it is hoped that the weather will be favorable for the occasion.

Miss Breitweiser at her home on  
South Main street Friday evening.  
Ten guests were present and the  
evening was spent in a pleasant ma-  
ner and a marshmallow toast was en-  
joyed. Refreshments were served.

### Birthday Party For

Earl Stringham.  
Thursday evening Earl Stringham,  
residing at 726 North Main street,  
celebrated his 21st birthday in a  
very happy manner. About 35 of  
his young friends were present and  
the evening was spent socially with  
various games and during the even-  
ing excellent refreshments were serv-  
ed. The young gentleman also re-  
ceived a number of useful and hand-  
some presents.

### Entertained

#### S. S. Pupils.

The members of the third year  
Juniors of Grace M. E. church were  
entertained last night at the home of  
Dr. and Mrs. H. L. Griswold. The  
boys are taught by the doctor and  
the girls by Mrs. Griswold. All the  
pupils came masked and it was in-  
deed a merry evening which all spent  
in playing games and listening to mu-  
sic. During the evening delicious re-  
freshments were served.

### Tri Kappa Entertains

Philologist Society.  
The girls of Tri Kappa society of  
Whipple entertained boys of Philo-  
logian society at a Halloween party in  
Phi Alpha hall Friday evening. The  
evening was spent pleasantly with  
fortune telling and other Halloween  
games. The hall was appropriately  
decorated with autumn leaves, corn  
stalks and Jack O'Lanterns. Refresh-  
ments in keeping with the occasion  
were served. About thirty were present  
and the party was chaperoned by  
Miss Helen Crawley and Principal C.  
H. Glavin.

### Halloween Party

at Graef Home  
Misses Dorothy Graef and Louise  
Renner were hostesses for a party of  
boys and girls who gathered at the  
Graef home on West College avenue  
Friday. There were twenty-five in  
the party and several hours were  
spent most happily. Halloween  
games were played and suitable prizes  
made the rivalry and interest  
keen. The decorations were sugges-  
tive of the season and the excellent  
refreshments added not a little to the  
enjoyment of the whole occasion.  
Extensive plans had been made for  
the entertainment of the guests and  
these plans were successful to the  
highest degree.

### Mr. and Mrs. Gilbert

Entertain Friends.  
Mr. and Mrs. M. E. Gilbert of 359  
South Diamond street entertained a  
company of friends, Friday evening  
at a Halloween party. The evening  
was spent in games and in the re-  
freshments the idea of Halloween  
was carried out. Those present were:  
Mr. and Mrs. Arthur Henderson, Mr.  
and Mrs. E. D. Herald, Mrs. G. E.  
Baxter, Mr. and Mrs. Baumgartner,  
Mr. and Mrs. Clarence York, Mr. and  
Mrs. Hearn, Mr. and Mrs. O. Adkins,  
son, Mr. and Mrs. J. I. Graham, Mr.  
and Mrs. T. A. Ebbrey and Mrs. Dav-  
son.

### Mrs. Johnson Hostess

at Halloween Event  
Fifteen friends were guests last  
evening of Mrs. Leo Johnson at the  
home of their hostess on West Mor-  
ton avenue. Charming novelty char-  
acterized the house decorations, sug-  
gestive of Halloween and reminis-  
cent of the season when "the frost is  
on the pumpkin and the fodder in the  
shock." The floors were strewn  
with autumn leaves, while black cats  
and Jack-o'-lanterns added to the  
effect of weird witchery. A ghost  
dance in the yard without furnished  
the guests with a pleasing diversion.  
When time came for refreshment, the  
hostess served a dainty buffet lunch-  
con of two courses.

### Young People Attend

Alice Shields.

### Halloween Party at

Williamson Home.  
One of the merriest parties of the  
Halloween season was that given by  
Charles and Julian Williamson at  
their pleasant home on South West  
street Friday evening. The evening  
was spent with games and Charlie  
Chaplin impersonated by Edward  
Gerst was present and furnished  
much amusement for the children.  
Refreshments in keeping with the oc-  
casion were served.

The following were guests: Ruth  
Schulz, Dorothy Eads, Elizabeth Re-  
ruff, Emma Wood, Erna Francis,  
Margaret Donovan, Vivian Skinner,  
Augusta Webster, Ruth and Marlene

Dean Sargent and Carl Wilder.

### Eighth Grade Pupils

Halloween Social  
One of the delightful Halloween  
socials was that held at the David  
Prince building by the Eighth grade  
pupils, last night. The affair was  
held in the gymnasium and it was  
filled with the merry makers. Miss  
Ethel Wylder and Warren Maddox  
were in charge, assisted by other  
members of the faculty, also Mrs.  
Kenneth MacKenzie of Chicago, who  
is a guest of Miss Wylder. This is  
the first year that the Eighth grade  
has been fully organized and they have  
many things planned for the school  
year. The evening was spent in put-  
ting on various "stunts" and after  
the program refreshments of cider,  
doughnuts, crispettes and apples  
were served.

The various prize winners follow:  
Taffy eating contest—Garland  
Withee.  
Cracker eating contest—Hazel  
Bradley.

lins.

### Halloween Social

at Maple Grove.  
Pupils and friends of Maple Grove  
school enjoyed a Halloween social,  
which, thanks to the hearty spirit  
with which all took part and care-  
ful planning by the teachers, Burley  
Jones and Miss Sooy, proved an all  
round success in every way. The  
costumes of the guests were note-  
worthy for cleverness and much  
merriment was afforded when at-  
tempts were made to guess "who's  
who?" George Zeppentfield as Char-  
lie Chaplin took the men's prize and  
Mrs. Frank Kitzer as Topsy led the  
list among the women. Coffee and  
sandwiches, cider and doughnuts  
and popcorn were served.

### Philathea Circle Members

Spend Pleasant Evening.  
Members of Philathea circle of  
Central Christian church, taught by  
Miss Mary Dewees, enjoyed a Hal-  
loween social Friday evening at the  
home of Mrs. Mabel Dunavan, 952  
Hardin avenue. The event was a  
masquerade and there were offered  
two special prizes, Mrs. George T.  
McKee taking the award for guess-  
ing the identity of most of the  
merrymakers and Mrs. Mae Plunk-  
et coming in the costume which  
was adjudged the best. The re-  
freshments were seasonable and  
quite delicious. Guests from away  
were Mrs. Wilson and Mrs. Ada  
Smith of Chapin; Mrs. Ernest Sib-  
ley, Miss Noma Luttrell, Springfield;  
Mrs. Frank Kircher and Mrs. Ida  
Rhoads, Aremville.

### RETURNS FROM KENTUCKY.

A. C. Hughes of Savage station was  
in Jacksonville Friday. He was re-  
turning from a trip to Monticello  
Ky., where he visited with his moth-  
er, who has been quite ill, but was  
convalescing when he left her to  
come home.

### MEETS ACCIDENT FRIDAY.

Mrs. Mary Pike of Doolin avenue  
is suffering from injuries received  
Friday when she was caught by the  
sudden closing of door. Dr. E.  
D. Canatney gave the necessary med-  
ical attention and the patient last  
evening was doing well.

### SUIT FOR DIVORCE.

One of the last cases filed with  
circuit clerk Pyatt Friday was that of

### COMPULSORY GARDENS TO FIGHT PELLAGRA

Jackson, Miss., Oct. 29.—The  
alarming spread of pellagra in this  
state has led to the suggestion that  
compulsory operation of private vege-  
table gardens is the most logical  
method of stemming the tide. The  
greatest spread of the disease was  
among the negroes of the delta  
where their rations consist chiefly  
of cornbread and fat meat. It is  
the lack of fresh vegetables in the  
diet that throws the human system  
wide open to the disease, says the  
experts. The proposal of compul-  
sory vegetable raising is advocated  
by many prominent physicians and  
leading men throughout the state. It  
may lead to a new system of farm-  
ing on the big plantations, requiring  
every tenant to cultivate one acre  
of garden for his own family.

An investigation by the leading  
medical society of the state reveals  
the fact that there are 11,000 cases  
in this state, that 1312 deaths from  
the disease were reported last year,  
and the spread of pellagra was in-  
creasing at a terrific rate. Last  
year 256 whites were included in the  
total deaths, and in the year pre-  
vious, there were 209 deaths of whites  
in this state from pellagra, out of a  
total of 795.

Just what to do with the cases now  
existing is one of the greatest prob-  
lems that faces the people of Missis-  
sippi. Hospitals would cost millions,  
and therefore the problem has been  
put up to each county to care for its  
own cases. Accommodations are fur-  
nished on the county farms for many  
of the afflicted. The change of diet,  
with the addition of vegetables, be-  
gins at once to make new men out of  
them.

That diet is the cause of the dis-  
ease, and therefore its cure, is the  
attitude taken by the Mississippi  
medical men. The rapid spread of  
the loathsome disease is now recog-  
nized by the state and local authori-  
ties, and it is expected that radical  
action will be taken to compel fami-  
lies to protect themselves by eating  
proper food.

### NEXT MEETING DATE.

In mentioning the next meeting of  
the Ladies' Aid society of the Catho-  
lic church it should have been said  
it will be held at the home of Mrs.  
James McBride, 511 East College  
avenue Nov. 10.

### WERE GUESTS IN CITY.

Mr. and Mrs. L. L. Meyer and Mrs.  
Rose Maier of Springfield and Mr.  
and Mrs. Albert Yeager of Havana,  
were recent guests at the home of  
Mr. and Mrs. Patrick Shanahan.

## Experienced Women Advise Mother's Friend

Because it is so perfectly safe to use and has been of such great help to a host of expectant mothers, these women, experienced in this most happy period, advise the use of "Mother's Friend."

Applied externally to the abdominal muscles its purpose is to relieve the undue tension upon the cords and ligaments resulting from muscular expansion. Beneath the surface is a network of fine nerve threads and the gentle, soothing embrocation, "Mother's Friend," is designed to so lubricate the muscular fibres as to avoid the unnecessary and continuous nagging upon this myriad of nerves. It is a reflex action.

Applied to the breasts it affords the proper massage to prevent caking. Thousands of women have reason to believe in this splendid help under the trying ordeal of motherhood. Their letters are eloquent evidence of its great value to women. In use for many years it has come to be a standard remedy for the purpose.

There is scarcely a well-stocked drug store anywhere but what you can easily obtain a bottle of "Mother's Friend" and in nearly every town and village is a grandma who herself used it in earlier years. Expectant mothers are urged to try this splendid assistant to ease, comfort and safety.

"Mother's Friend" is prepared by Bradford Regulator Co., 510 Lamar Bldg., Atlanta, Ga. Send for our little book.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

## RECOGNIZE SIXTY ACTS OF HEROISM

### CARNEGIE HERO FUND COMMISSION MAKES AWARDS.

Eight Silver and Fifty Two Bronze Medals are Awarded—Nine Illinoisans Among Those Honored—Nine Heroes Lost Their Lives.

Pittsburgh, Pa., Oct. 29.—Sixty acts of heroism were recognized by the Carnegie Hero Fund Commission in the awards that were announced at the fall meeting of the Commission here today. In eight cases silver medals were awarded; and in fifty-two cases, bronze medals.

Nine of the heroes lost their lives, and to the dependents of six of these, pensions aggregating \$2,520 a year were granted; to the dependents of one of these and of three others who lost their lives, sums totaling \$2,165 to be applied, subject to the direction of the Commission, in various ways, were granted. In addition to these money grants, in six cases sums aggregating \$11,000 were appropriated for educational purposes, payments to be made as needed and approved; and in forty cases awards aggregating \$28,500 were made to be applied toward the purchase of homes and to other worthy purposes. Payments in these cases will not be made until the beneficiary's plans for the use of the award have been approved by the Commission.

## Some Topics of the Farm

### Farm Advisers Report on Corn.

R. C. Bishop, Livingston county farm adviser, has just declined an excellent position with the U. S. department of agriculture in order that he may continue his work in Livingston county. He has been there for three years and the results have been so plainly beneficial that the directors of the association would be very sorry to have him leave. Mr. Bishop's efforts have been to get the farmers of Livingston county deeper into the real business of farming and in ways that mean permanent farming.

The talk of the adviser leaving has served to renew interest in crop improvement work and the directors have pledged Mr. Bishop that a stronger organization will support him than has been true in the past. Mr. Bishop, according to the Bloomington Pantagraph, has completed a tour of examination of corn fields in a part of Livingston county. He found soft and sappy ears of corn in field after field, and he believes that corn is not going to be ready for husking for some time and that the crop will not mature as early as expected. The conditions in Livingston county are not exactly duplicated here because the season is a trifle more advanced here but in general the same conditions prevail.

The most important suggestion made by Mr. Bishop after the inspection of the corn fields is for farmers to now avail themselves of the opportunity of selecting seed corn. The frost killed many ears of corn so far as seed is concerned some weeks after they have dried, it will be impossible to tell which are the best ears. Mr. Bishop declares that there is great danger of farmers suffering material losses by husking their corn too early. It often happens because one farmer goes out and gathers a load of corn which is seemingly dry, that his neighbors are stampeded into their fields. Every farmer should examine the corn of his own field and act in accordance with the conditions, regardless of what may be true on somebody else's field.

Facts presented by the Decatur Review indicate that the wheat acreage in Macon county and vicinity this year is about 65 per cent of that planted last year. The big drop is due partially to the wet weather of the past season, and the further fact that many farmers had planted clover with the wheat. Other statements made indicate that 21 per cent of the oats crop in that locality is still in the hands of the farmers and that practically all old corn has been sold. It is believed that very late corn will be dried before Dec. 1, and that most farmers will hold back their crops.

Soft Corn and Disease. Keokuk Constitution—There will

be considerable soft corn fed to livestock of all kinds this fall and it is safe to say that hogs will receive their full share. The situation is such as to arouse interest in the possible relationship between the practice of feeding soft corn to hogs and disease, particularly cholera.

In the outset it may be said that hog cholera can result only from infection. This means that the invisible germ of cholera must find lodgement in a hog's digestive system or in the lungs before the disease can show itself. This invisible germ is not present in new corn any more than in old corn, but this is not equivalent to saying that there is no more danger of spreading the disease when quantities of new corn are being fed than there is during the winter, spring and summer months. This is due to the fact that hogs are frequently thrown out of condition by eating too much green corn. The new crop is exceedingly palatable, but it lacks feeding qualities to some extent, so that enormous quantities are consumed to satisfy the needs of the animal, and therein lies the danger. A hog that has been thrown out of condition by eating the new corn in large quantities fits himself ideally for contracting such diseases as are spread by germs, and that is why there is so much loss from cholera at a time when new corn is being fed.

The remedy is simple. Feed the new corn sparingly until the hogs become thoroughly accustomed to it. It will pay to buy some old corn to mix with the new, or, what will be still better, to use a little concentrated feed like tankage or oil meal. These feeds, although they seem high in price, may result in keeping the hogs in fine condition until the danger period is passed, and furthermore, during that period their use will not increase, but rather, decrease the cost of making gains. Where a supply of oats is on hand these may be fed to some extent in self-feeders, and they will help the situation very materially. Soaked or ground barley or rye may be utilized to advantage where prices on these products are right, and during the next month or six weeks they may be fed to great advantage.

It is a good practice, also, to feed mineral materials liberally. A mixture composed of equal parts of charcoal or soft coal slack and salt with a little air-slaked lime added will give results. Hogs will consume large quantities of it, and, unquestionably, some of these elements are digested and assimilated because they seem to answer an important function in the hog's nature when he is being fed liberally on new corn. Place the mineral mixture in a self-feeder so that the hogs can have access to it freely. These products are not costly and but little labor is involved in mixing them, and their use cannot be too strongly indorsed.

DUN'S STATES CONFIDENCE IS FURTHER STRENGTHENED

Forward Movement Gathers Momentum in Spite of Various Opposing Influences.

New York, Oct. 29.—Dun's Review tomorrow will say:

"Not only is there no step backward in general business but each week the pendulum of progress swings over a wider area and confidence is further strengthened."

"The forward movement gathers momentum in spite of various opposing influences such as the instability of foreign exchange, the congestion of freight at terminal points and continued dissension in the ranks of labor and while expansion still is most pronounced in war order lines on the whole conditions and prospects are much less checked and irregular than formerly."

"No one now doubts that the brighter day has infinitely dawned and the change of spirit finds expression in the launching of many deferred undertakings, while more enterprises are being started than for several years past. Instead of the marked hesitancy and caution previously manifest, large projects are conceived and carried into effect in a manner that attests the increased confidence prevailing in the commercial world."

## FOUR UNDEFEATED ELEVENS CLASH TODAY

ILLINOIS MEETS MINNESOTA AT CHAMPAIGN.

Wisconsin and the Maroons Will Mix at Chicago—Michigan Takes on Syracuse in First Important East-West Contest.

Chicago, Oct. 29.—The big nine's four undefeated elevens clash tomorrow in the semi-finals for the conference football championship.

At Champaign, Illinois, title holders will defend their honors against Minnesota, while at Chicago the Wisconsin varsity eleven will pit its husky machine against the Maroons. Aside from the conference games, the program includes the first important east-west contest, Michigan taking on Syracuse and an interesting match between the Michigan Aggies and the Aggies of Oregon, who represent the game as played in the far west.

Among the games carded are: At Champaign—Minnesota vs. Illinois.

At Chicago—Wisconsin vs. Chicago.

At Ann Arbor—Syracuse vs. Michigan.

At Lansing—Oregon Aggies vs. Michigan Aggies.

At Notre Dame—South Dakota vs. Notre Dame.

At Bloomington—Washington and Lee vs. Indiana.

At Ames—Nebraska vs. Ames.

At Des Moines—Drake vs. Washington.

At St. Louis—Arkansas vs. St. Louis.

At Norman—Kansas vs. Oklahoma.

At Columbia—Kansas Aggies vs. Missouri.

At Lexington—Cincinnati vs. Kentucky.

At Oberlin—Kenyon vs. Oberlin.

At Cleveland—Denison vs. Western Reserve.

At Alliance—Case vs. Mount Union.

At Louisville—Rose Poly vs. Louisville.

At Green Castle—Earlham vs. De Pauw.

At Naperville—Beloit vs. Northwestern College.

Critics hesitate to prophesy which team will be winner of the contest at Champaign. Earlier in the season, despite reports of a bright outlook at Minnesota, the champions, to more followers of the game, looked able to repeat this season the triumphs of last. With Pogue, Clark and Macomber holding over, the backfield strength of the Illini was assured, providing they kept in shape and the Solon was among the certainties, at that time, among the Minnesotans, the better balanced team at Champaign was given the preference.

But the unexpected good showing the Gophers made against Iowa, despite the loss of Solon and the failure of Illinois to do better than tie with Ohio made some of the prophetic waver. The importance of Zupke of Clark and Pogue was manifest, in the experts' opinion and it was pointed out that with them absent the speed of his attack was greatly diminished.

On the other hand Solon's disqualification failed to wreck the Gophers. With Wyman, Bierman, and Balentine, besides Long, considered one of the best quarterbacks in this section, Minnesota developed a surprisingly strong offense and a defense of weight enough to cause trouble. The result is no comparative scores on which to base predictions, is that critics generally are disposed to expect a hard fought close battle.

The game to a great extent, should show more open football than either of the teams have exhibited so far this season and both, if forced to desperate measures, are likely to use several trick plays.

In the role of dark horse Chicago concedes weight and speed to Wisconsin. The Badgers have been moulded into a team from what a former Maron wrote recently is the best material he ever saw. Wisconsin has outclassed its opponents this year, its only hard battle being that against the strong Ohio team.

The rout of Michigan by the Michigan Aggies last week gives little hope to Wolverine partisans that the attack of the Syracuse machine can be successfully coped with. Michigan's defense is far from defensible judging from Ann Arbor reports.

Syracuse comes with a victory over Brown to its credit and a runaway game against Rochester.

**HAGGIN THOROUGHBREDS AT AUCTION.**

Lexington, Ky., Oct. 28.—The sale of thoroughbreds which began today at Elmdorf Farm, the 8,000 acre estate of the late James B. Haggin, marks the passing of the famous breeding farm where the wonders of the racing world on three continents were bred. Haggin was for twenty years the greatest breeder of race horses in the world. There were upwards of 250 mares and 50 or more stallions at Elmdorf when some five years ago Mr. Haggin decided that the restrictions on racing in various states would make it impossible to market the thoroughbreds and he began to disperse his great collection of thoroughbred breeders. The last of the lot will go under the hammer today, when the stallions Ballot, Fain and Hessian, with 68 brood mares and 31 weanlings are put up for auction.

Previous to his breeding venture here, Haggin maintained a 20,000 acre breeding farm in California, where he had from 600 to 1,000 stallions and mares. Today's sale is an old fashioned affair, and it has attracted to Lexington the greatest collection of horse folk the blue grass capital has entertained in many years.

## WINDING THE CLOCK.

Follow This System and You May Get More Accurate Time.

You cannot secure the best services from a good watch or clock unless you know how to wind them so as to cause the least wear and irregularity in their delicate machinery.

A watch should be wound at the same time every day. If allowed to run down or even almost do so and then wound up until it will not wind any further it cannot do as perfect work as a watch that is not allowed to run to its full capacity or wound up until it is as tight as it can be made.

If a watch is wound both morning and evening at about the same hour and the key is given only enough turns to wind it a little less than half what it could be wound the watch will run more evenly, wear much longer and keep more accurate time than if it is wound up tight once a day.

A watch spring will last longer if it is wound when there is the least extreme of temperature, and morning and evening are, of course, the best in that respect.

It is more or less dangerous to wind a watch during a heavy electric storm, and it is best to avoid winding while on an electric car.

An eight day clock should be wound twice a week at as regular periods as possible to secure the best results. Never allow the clock to run down, and if possible do not wind it until it is tight.

Learn by experience just how many turns of the key it takes to wind the clock to run eight days and then when half of the week is gone wind the clock by giving the key just half as many turns as it would require to wind it all the way. More accurate time will be had and it will avoid placing any of the parts in a strain, which is frequently the cause of good clocks giving out in some particular before they have served half as long as they should.

A little attention to this advice will lengthen the life of any watch or clock and make it a better timepiece.—New York American.

## A FAMOUS MISER.

Cooke Died Wealthy After a Life of Petty Saving and Trickery.

Thomas Cooke, known as the "Islington miser," left at his death more than \$300,000. His whole life was one of penny, petty saving and petty trickery. He made it a habit in order to get meals for nothing to fall in a pretended fit in front of a house at dinner time and on recovering he would naturally be invited to share the meal, which he always did after the proper amount of protestation. Often he would pretend to these kind people that they had saved his life, would make a great fuss over them and tell them he intended to remember them or their children in his will.

One man, a poor relation, occasionally sent him small presents of butter. This angered Cooke, who said to him: "Why send me such dribbles, you who are to get thousands and thousands at my death? Send me a firkin." The firkin and several more were sent, but neither this legacy nor any of the others came to reality.

Like many men shrewd in petty ways, he was easily deceived in matters out of his own line. Thus once when his horse was sick he was too mean to pay a horse doctor and asked advice of a quack, who told him he must take thirty onions, drill a hole through each, put them on a string, put the necklace around the horse's neck and let it stay there. The expense of thirty onions was too much; he bought fifteen, and when, after many days, they had served their purpose, he took them to the servant and ordered her to make an onion porridge for the day's dinner.—Exchange.

## Homemade Toothpowder.

An effective tooth powder which can be always recommended is made as follows: One ounce of precipitated chalk, half an ounce of carbonate of soda, half an ounce of powdered orris root. Mix well together and pass three times through a sieve. Place in a bottle or in this until required for use. The carbonate of soda removes the grease from the teeth and prevents decay, and the powdered orris root keeps the gums healthy.

## Resigned to It.

Taking oneself too seriously is supposed to be an American trait. At any rate, it is found in America. The late Edward Everett Hale in "We, the People," cites a remark of Thomas Carlyle apropos of this habit.

Margaret Fuller had perhaps taken herself the least bit too seriously. She had said that she had determined "to accept the universe."

"She had better," said Carlyle.

## Woman's World

The Woman Who Can Both Can and Make a Good Speech.

MRS. EDNA BUCKMAN KEARNS.

That housekeeping and campaigning for woman suffrage can be wholesomely combined has been demonstrated by Mrs. Edna Buckman Kearns of Nassau county, N. Y. In one day Mrs. Kearns prepared both breakfast and lunch for her family, put her house to rights, canned seventeen cans of peas and six jars of raspberries and then went to a suffrage meeting and made such a good speech, urging woman suffrage in the interests of pure food, that she started some profitable work in the cause of votes for women.

In the course of her speech Mrs. Kearns happened to mention the canning she had done that day, and after she closed her hearers crowded about her to ask how she canned her peas. Then the idea popped into her head that there was a chance to make some money for woman suffrage.

Mrs. Snyder, one of the official canning demonstrators of the United States farm bureau, was engaged as teacher. One town after another fell in with the movement, and all through the month of August the women gave practical demonstrations of the fact that better housewifery and enfranchisement of women are twin movements. As Mrs. Kearns said:

"We are proving the fact that suffragists can can and can campaign while they can. Suffrage stands for the best way of being the best sort of woman in the home. Why, it was only a week ago that a whole household was poisoned with pea soup made from improperly prepared peas."

The Evening Mail of New York city says editorially of this movement:

"This sounds like an improvement on the old fashioned quilting bee, where the women talked about the parson's last sermon and the parson's wife's new bonnet. When the housewives get together in the future to attend to domestic duties and to talk about politics we may expect more scientific housekeeping."

## YALE AND HARVARD FACE HARD TESTS

CRIMSON WILL PLAY PENN STATE.

The Elis Will Meet the Unconquered and Unscored on Colgate Team—Princeton Will Meet Williams.

New York, Oct. 28.—The football elevens of Yale and Harvard tomorrow are to face the hardest tests in the week-end games of the eastern gridiron schedule. The Elis will meet the unconquered and unscored on Colgate team while the Crimson plays Penn State, victors over Pennsylvania.

Unless Yale shows a remarkable improvement in form, Colgate is likely to make the meeting between the two teams at New Haven an interesting one for the blue as Washington and Jefferson did last Saturday.

The Hamilton eleven has proved a powerful scoring machine this season and in the four games to date has rolled up 208 points to their opponents' zero. Army was the only combination to hold the Colgate scores in check to any extent being defeated after a hard struggle, 12 to 0.

Harvard succeeded in holding Penn to a tie game last season, but will face a harder problem tomorrow since the Crimson squad it not as strong as in 1914, while Penn State has given plenty of evidence of its power this autumn by defeating Pennsylvania and scoring one-sided victory's over its other opponents.

Princeton should have little difficulty in defeating Williams, since the New England team has won only one of the five games played to date. Cornell which won from Williams, 46 to 0, two weeks ago will meet a strong opponent in Virginia Poly, but there is nothing in the record of the Southern combination to lead to the belief that it will be able to check the victorious march of the Elis.

The game between Lafayette and Pennsylvania should be a close contest for, although both have been defeated, they have developed rapidly during the past ten days and should play fast, consistent football throughout the four periods.

The army will play, Villa Nova, while the navy is meeting the North Carolina Aggies. Both teams have played more powerful elevens in the field this season and should come thru victors.

Dartmouth will line up against Amherst and the latter is expected to give the Hanover clan a royal battle with the result depending to a great extent upon their physical condition.

The leading games in the east-

ern cities tomorrow are as follows:

Colgate at Yale.  
Penn State at Harvard.  
Virginia Poly at Cornell.  
Williams at Princeton.  
Lafayette at Pennsylvania.  
Villa Nova at Army.  
North Carolina Aggies at Navy.  
Dartmouth at Amherst.  
Vermont at Brown.  
Rutgers vs Springfield.  
Gettysburg at Lehigh.  
Rhode Island at Union.  
Allegheny at Pittsburgh.  
Lebanon at Ursinus.

**"HICKETY" HOFFMAN DEAD.**  
Peoria, Oct. 28.—Charles (Hickety) Hoffman, an outfielder with the Peoria Reds in the Northwestern league in 1881-89 dropped dead here yesterday on his forty-ninth birthday. Doctors said heart disease caused his death.

Many of the fans of Western Association days recall Hoffman as a member of the Des Moines team under Bill Traffley's management. He played left field and was considered a valuable man. He was something of a comedian and was popular with fans and players. In the later nineties Hoffman played with the Beardsdon team under Bill Ehey.

ILLINOIS DOWNS  
WESLEYAN 21-3FAST GAME GOES TO LOCALS BY  
GOOD MARGIN.

Coach Harmon's Machinery Was Working Well and Fourteen Points Were Scored in First Half—Championship Looms Up on Illinois' Horizon.

Another star was added to Illinois college football championship flag Friday afternoon on the Illinois gridiron, when the strong Wesleyan eleven went down to defeat at the hands of Illinois college by a score of 21 to 3. It was a great victory for Coach Harmon's well oiled

Captain Stewart.  
Who piloted his team to victory yesterday.

machinery. Wesleyan came down with a string of twenty-two men to stop the onslaught of Illinois but they failed in the struggle, altho they fought like lions to carry off the honors. Illinois showed Wesleyan how to play the game in the first half by rolling up 14 points against their none, and excepting for the drop kick by Dunham the Bloomington players would have returned to their camp with only a cipher. Only once in the game was Illinois goal threatened.

Wesleyan was swept off their feet from the very start when Frisbie carried their kickoff back for a big gain. It was plainly seen that if Wesleyan was to win they would have to take a decided brace. Both teams were in the pink of condition and when they lined up on the field, from the spectator's point of view it looked like a toss-up. Coach Harmon's machine was in good working order, well oiled and prepared and the onrush of his men was too much for the visitors.

Muhl brought down no weak team, for in Johnson and Dunham, old veterans of the game, they were an aggregation that took some team to down. They excelled, however, in their open field work. Their line showed weak spots, while their back field was badly broken up at times. While Illinois was not able to get away for big gains with forward passes, their line was almost impregnable and time and time again Wesleyan knocked against it in vain. As the game waed Wesleyan finally gave up their efforts to pierce it.

Wesleyan opened up with great vengeance in the second half and seemed to sweep Illinois for some good gains, but the sport only lasted a short time. Illinois altho they made 7 points in the second half, played mostly a defensive game, being well content to keep the ball in the enemy's territory. Coach Muhl had a number of second string men going in and out of the game at the last quarter to stop the attacks of the Illinois men, who wished to make one more touch down just to show the visitors that they could. After it was made, Coach Harmon sent in a number of his second string men to give them a chance after the game had been tucked away.

There was a big crowd who witnessed the struggle and the cheering by the Illinois students was the best that has ever been heard. During the intermission after the first half the student body gave a snake drill on the gridiron, which was beautifully done, ending it by making an I. C. emblem. Aside from the game itself the cheering by the Illinois students was really a feature of the contest. The Illinois college band also furnished some excellent music, injecting ginger into the rosters by playing, "It's a Long Way to Tipperary."

Wesleyan men played clean ball, as likewise Illinois, and there was but one offside play called during the entire four quarters.

Well was the game summed up by one enthusiastic fan, who was heard to say as he left the grounds, "That is one of the best games I ever saw Illinois college play, and to me it looks like a championship team."

First Quarter.

The game started with Wesleyan kicking to Frisbie on the 25 yard line, who returned the ball 30 yards.

Alford gained another 7 and Wilson 3, when Wesleyan held Illinois for downs. Wesleyan punted to Stewart.

After a forward pass to Helme, Illinois punted to Stewart. Wesleyan returned the ball and was penalized 15 yards, when a Wesleyan man tackled an Illinois player after a fair catch. Illinois advanced the ball by three

plays thru the visitors' line by Wilson, Helme and Alford, and after Mitchell had added 6 yards by criss-cross, Stewart was shot across the line for the first touch down, after 6 1-2 minutes of play. Frisbie kicked goal. Score 7 to 0.

Wesleyan kicked off again, Pierce advancing the ball from the 20 to the 30 yard line. On the next play Wilson made another run of 20 yards. Alford and Stewart each made a small gain, and a forward pass was intercepted by Wesleyan. Dunham got busy at this juncture and made two good runs, one for 8 yards and the other 30. The visitors backed this up by two more gains by Bentley and McFarland. Here Illinois took a brace and held the visitors for downs on the 25 yard line. Illinois came very near losing the ball at this juncture, but the fumble was recovered by Mitchell. Illinois kicked Two line plunges aided by a forward pass brought the ball so close to goal that Stewart tried a drop kick but failed. The ball was brought out to the 20 yard line and after an end run by Johnson, Capt. Elliott recovered a punt on the 50 yard line, when the quarter ended.

Second Quarter.

At the opening of the second quarter Illinois got the ball on a fumble. Stewart tried an end run but was blocked by Doocey. Wilson netted Illinois 5 more yards and after a forward pass had failed, Illinois punted to Wesleyan. Elliott returning the ball 5 yards. Dunham fell back and gave a long kick, the ball rolling out on the 20 yard line. Illinois punted to Dunham, who returned the ball a short distance. After a failure to make gains thru Illinois' line, Bentley went around the end for a 5 yard gain and Wesleyan followed the brace up by punting to Stewart, who carried the ball back 10 yards. Stewart was handed the oval for 2 small gains when Wesleyan's line stiffened and Illinois punted to the 35 yard line. Illinois recovered the ball on a fumble on the 37 yard line. At this juncture Mitchell got busy and made 12 yards thru the visitors' line, and Stewart followed it up by a run of 11 yards.

Frisbie Blocks Punt.

At this juncture Coach Muhl sent in Applegate, who took Dunham's place at quarterback, Dunham relieving Doocey, the left halfback. Illinois was pushing the visitors hard and had worked the ball down within

Roy Wilson.  
Illinois' new recruit at Center who played brilliant game.

5 yards of the goal when Frisbie blocked a punt, Alford picking up the oval for the second touch down. Frisbie kicked goal. Score 14 to 0.

Wesleyan again kicked to Illinois, Alford returning the ball to the 22 yard line. Wilson made a spectacular run around Wesleyan's left end for 18 yard gain. Capt. Stewart followed it up with 8 more yards and Alford 4, when Illinois was penalized 15 yards for off side play. Illinois failed in a forward pass when Stewart punted to the 30 yard line. Wesleyan returned the ball by a pretty pass to Johnson but this, followed by two line bucks, did not gain the visitors much ground. After two unsuccessful forward passes a third was attempted. Bentley catching the ball for a good gain. Applegate added 3 yards to the ground won and Bentley another 4 yards, when time was called for the first half, the ball being on the 15 yard line.

Third Quarter.

Wesleyan took a big brace at the beginning of the second half and for 8 minutes showed unusual form. Illinois started the half by kicking to Dunham, who returned the ball 7 yards. Bentley added to this 8 yards in two plays. Dunham in the next play came very near getting away when he picked up the ball on a fumble. He carried it to the 20 yard line. Two passes were attempted by Wesleyan, the last one netting them about 10 yards. Applegate ran the Illinois end for a 5 yard gain and another forward pass by Wesleyan failed. Wesleyan made a touchback and the ball was Illinois' on the 20 yard line.

Illinois punted to Applegate and

aided by an end run by Dunham and Bentley, brought the ball back about 20 yards. Wesleyan by a couple of line bucks worked the ball up so close to goal that Dunham made a drop kick on the 25 yard line, scoring the only 3 points for the visitors.

Wesleyan again kicked to Mitchell who returned the ball 15 yards. Stewart and Mitchell added 6 more, when Illinois punted to Applegate. Wesleyan returned the punt to Stewart. Alford made a rush thru Wesleyan's line for 15 yards, and a forward pass falling, Illinois punted to the 15 yard line. Dunham returned the ball 15 yards. Wesleyan punted, the ball rolling out of the grounds on the 48 yard line. Wilson gained 3 yards, Stewart 5 and Alford 5, when the quarter was up, Illinois' ball on Wesleyan's 35 yard line.

Final Quarter.

At the opening of the third quarter, Lukeman was taken out and Doocey put in again. Doocey inter-

Mitchell, left tackle.  
Wesleyan found him hard to stop yesterday.

cepted a forward pass by Illinois and after a small gain by Bentley, Pierce grabbed a forward pass of Wesleyan on the 50 yard line. Illinois punted. Wesleyan carried the ball to the 39 yard line. After three attempts at a forward pass Wesleyan kicked to Stewart. At this juncture Coach Muhl sent Thomas in to relieve Nickell at right guard. Illinois kicked and Wesleyan returned the punt to the 20 yard line, Dunham carrying the ball back 10 yards. After a forward pass to Bentley, Applegate went around Illinois' end for a 6 yard gain, but a forward pass was intercepted by Pierce on the 30 yard line.

Illinois began to show speed and Alford swept the Wesleyan end for a 20 yard run and this was followed in the next play by Mitchell, who made 12 more yards. Here Coach Muhl sent in Ward who took Elliott's place, Dunham, Wesleyan's star player, having to leave the game on account of an injury to his knee. Russell was sent in by Coach Harmon to relieve Ray Wilson at center. Smith relieved Applegate. Wilson was shot around the visitors' end for a 16 yard gain and put the ball on the 15 yard line. From this time Wesleyan made a desperate effort to check the onslaught of Harmon's machine, but there was nothing doing. After a good gain by Alford thru the center, Stewart in his second play carried the ball over the line for Illinois' third touch down. Frisbie kicked goal. Score 21 to 3. There only remained 2 1-2 minutes of play. Coach Harmon gave some of his second string men a chance when he sent Jones in to relieve Alford and Walsler to relieve Helme.

After Wesleyan kicked off, Helme ran the kick back 20 yards and Illinois punted and just as the Wesleyan man returned the punt while the ball was yet in the air, the referee blew his whistle and it was all over.

THE LINEUP.

Johnson, (Capt)	le	Pierce
McMurry	lt	Mitchell
Lukeman	lg	Zink
Eggleton	c	Wilson
Mitchell	rg	Thiebaut
Sterling	rt	Frisbie
Elliott	re	Karch
Dunham	qb (Capt)	Stewart
Bentley	rbb	R. Wilson
Doocey	lbb	Helme
McFarland	g	Alford

Scoring—Touchdowns Stewart, (2), Alford (1); Drop kick, Dunham (1). Goal from touchdown, Frisbie (3). Officials—Referee, McAndrews, Southern Illinois normal; umpire, Larson; headlinesman, Radcliffe, University of Illinois; quarters—Fifteen minutes.

NOTES OF THE GAME.

Exit Wesleyan.

Its Millikin next.

And then—Illinois champions.

"We've met the enemy and they are ours," said Coach Harmon.

And did you like the snake drill, some class to it and the rooting.

It was some game and Illinois players did themselves great credit.

Zink is another good man among the new recruits of Illinois' team.

Who would you praise on the Illinois team—three cheers for every man.

"Get Frisbie, I can't!" shouted one

of the Wesleyan players. But nobody got "Friz."

The Senior class of the Jacksonville high school were guests of honor at the game yesterday.

Capt. Stewart was certainly piloting his team in great style yesterday, and his runs were great.

Coach Harmon should feel proud of the stellar work done by his line, a veritable rock of Gibraltar.

Frisbie and Wilson, the Springfield twins, were in the game every minute. Their work speaks for itself.

Dunham, Applegate and Capt. Johnson were easily the stars of Wesleyan. Dunham is certainly some gridiron artist.

This is the third straight defeat for Wesleyan at the hands of Illinois. The score are 10 to 9, 20 to 17, and 21 to 3.

Coach Harmon is celebrating the occasion with a trip to Champaign to witness the big Minnesota-Illinois struggle this afternoon.

Coach Muhl missed it yesterday by starting Dunham in at quarter, while Johnson tried to cover too ground in defense work.

Lukeman who played on the Illinois team two years ago was used by Coach Muhl yesterday. Illinois gave him the "glad hand."

Ray Wilson of Springfield, who played his second college game at center was a whirlwind. You'll have to give it to that chap.

It was great to see Mitchell and Doocey, both from Pittsfield, pitted against each other. Mitchell had the "goods" on his town brother.

Illinois' victory over Wesleyan clears up to the done on William and Vashli. The best Wesleyan could do against 'William and Vashli on Wesleyan's field was 17 13.

LATONIA CUP RACE.

Latonia, Ky., Oct. 27.—The racing season in Kentucky comes to a close today with the running of the Latonia Cup Race, over a two-miles and a quarter course. There are 47 entries, \$2,500 is up in added money, and a solid silver loving cup is the trophy. The entries include the champion long distance Canadian racer Rancher; Hodge, winner of the Louisville Cup recently; Raincoat, winner of the St. Leger at Churchill Downs last fall and Ringling, who won the last named race last season.

Meadames Bowman, C. E. Newton, Charles Rexroat were in the city yesterday from Concord selecting carpets for the new M. E. church of that place.

BAD COLD? HEADACHY  
AND NOSE STUFFED

"Pape's Cold Compound" Ends Colds and Grippe in a Few Hours.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound", which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute. —Advertisement.

USE "CASCARETS" FOR  
LIVER AND BOWELS  
WHEN CONSTIPATED

When Bilious, headachy, sick, sour stomach, bad breath, bad colds.

Get a 10 cent box.

Take a Cascaret tonight to cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick gassy, disordered stomach and feel worn out. Are you keeping your bowels clean with cascates—or merely forcing a passage-way every few days with salts, cathartic pills, or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret to-night will straighten you out by morning. A ten cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

### PRESBYTERIAL SOCIETY HELD MEETING IN VIRGINIA

Program Included Several Strong Addresses—Mrs. R. R. Stevenson and Miss Eleanor Moore New Officers.

The district Presbyterian society held the semi-annual meeting at the Presbyterian church at Virginia Friday. Six or more societies were represented and the session was of a very interesting character. Among those who attended from Jacksonville were Miss Anna McCormick, Mrs. R. R. Stevenson, Mrs. J. Marshall Miller, Mrs. S. O. Barr, Mrs. Carl S. Hillerby, Mrs. Anna Vieira, Mrs. Pires, Mrs. Goveia and Mrs. Cunningham. The morning session began with the devotional exercises conducted by Miss Taylor, after which Mrs. Carl Erickson and Mrs. William Finn sang a duet, "Whispering Hope." The roll call was given by responses from representatives of the various societies and then came a discussion of study class methods. This completed the morning program, and at the noon hour an excellent luncheon was served in the basement of the church by the Virginia Missionary society.

Mrs. Wild had charge of the devotional service at the opening of organ music given by the organist of the church, who also but twelve years of age, was quite a finished musician. Miss Marian Lyles gave a vocal solo and then Miss McAfee of Chicago, a member of the home missionary board of the Presbyterian church, made an address. Mrs. Dinviddie sang a solo and then Mrs. Brainard of Lincoln, made an address on "The Study Class System." The junior quartet of Virginia sang a number, after which Mrs. Brown of Springfield gave a talk on "The Woman's Court in the Jewish Temple and the Thirteen Treasure-boxes." The nominating committee reported the names of Mrs. R. R. Stevenson of Jacksonville, as president of the district foreign missionary society, and Miss Eleanor Moore of Pisgah, president of the home missionary society, and these nominees were elected. Altogether the session was one of exceptional interest.

### JACKSONVILLE CITIZENS RETURN FROM SOUTH AND WEST

John Minter and George Maier Report a Delightful Time During Their Three Weeks Absence from the City.

Yesterday morning John Minter and George Maier returned from an extended trip west and south and both came back in good shape, well pleased with their experiences. Oct. 5th they left for St. Louis where they witnessed the great Veiled Prophet's parade and then proceeded to Memphis where they had a pleasant visit with John Schaffer and sons, formerly residents of this city and now doing well in their southern home. Palestine, Arkansas was their next objective point and from that place they went to Mariana, Ark., where Mr. Maier has real estate interests. There they found cotton picking in full blast and many colored people in the fields taking in the snowy white crop. Returning by way of Mariana and Memphis they proceeded to Denver, Colorado, where Mr. Minter had an especially delightful experience as he found there a valued comrade, Seth Thomas, who served in the same battery with him and whom he had not seen for fifty years. There too he found his captain, now Dr. S. S. Smyth, a successful physician of the capital of Colorado. Dr. Smyth was captured at Atlanta when commanding the De Grass battery. A brother officer was killed and he was kept in a southern prison for a year before being released. It greatly undermined his health but he did his best to recuperate, studied medicine and has made a success of his profession.

After office hours he and his daughter devoted themselves to the entertainment of Mr. Minter and friend and they rode all about the place in the doctor's automobile, which they greatly enjoyed. Mr. Minter also saw Dr. Willard, formerly of this city and who is a long time established citizen of Denver. He also met Hon. John W. Springer, Allen Ayers, Joseph Happy, Mrs. Walter Lacey and daughter, now successful milliners there, Miss Margaret Nash and others.

Next they went to Colorado Springs, Pueblo, Lamar and then in an automobile to Springfield, Colorado, where Mr. Minter has extensive landed possessions. In Baca county, the Spanish word for cow. Mr. Minter says the locality is rapidly going forward and many improvements are being made. There are a good many Germans in that region and they are generally thrifty and prosperous. He found there a man raising all manner of fruit suitable to that region. Corn generally yielded 50 bushels to the acre and wheat 25 to 40. Artesian wells are used when needed and one man has one which flows a thousand gallons a minute of excellent water. There is a great influx into the region but there is no more desirable government land to be had, the little left being about the foot-hills and not at all desirable. In four days they fifty loads of lumber going down for building.

Returning they visited at Kansas City, where they were pleased to find six sons of Christian Oswald, formerly of this city and all doing finely. One daughter is well married to a man in the newspaper business.

### ILLINOIS COLLEGE STUDENTS CELEBRATE VICTORY OVER WESLEYAN

Parade is Made Through the Downtown District—Fire Department Rushes to Big Bon Fire on Hill.

The students of Illinois college held a celebration on the campus Friday evening in honor of the football team's victory over Wesleyan. The boys had gathered a number of boxes and built a bonfire. Someone got scared and thought there was a fire and turned in an alarm to the fire department. The department responded but found the fire to be extinguished.

The students built a large house of leaves on the gridiron and after the blaze subsided a line of march was formed for the downtown district. Brooms were "swipped" along the way and used as torches. After the halls had been traversed at the Academy, the line of march led through the square to the Woman's college, where there was another big demonstration. After another wind up in Central Park the crowd returned to the Hill.

## JOHN L. THORNDYKE RECEIVES HIS FINAL DISCHARGE

Passes Away at His Winter Home, St. Cloud, Florida, Thursday—Former Resident of Morgan County.

C. A. Osborne received a telegram yesterday morning from Miss Mary Thorndyke stating that her father had passed away at their winter home, St. Cloud, Florida and that they would start with remains for the north today.

Mr. Thorndyke was a native of New Hampshire but came to this state at an early period of his life and settled in the northwest part of the county on what is so popularly known as Joy Prairie. He and his brother, Walker followed farming and were reckoned among the successful men of the community in which they lived. Mr. Thorndyke enlisted in Co. D, 101st Ill. Infantry, Aug. 10, 1862 and was mustered out with an honorable discharge June 7th, 1865. During all the three years of his service he was constantly exposed to the vicissitudes of a soldier's life and acquitted himself with credit at all times.

He returned home and took up his usual vocation and followed it until failing health compelled him to give up. His brother, Walker died some years ago and he carried on the business a time alone but his strength was hardly equal to the task, so he and his dutiful daughter, Mary, took up their abode in Chapin till a few years ago when they began to spend their winters in Florida and for the last year or more they didn't come north at all but remained right through the summer in their summer home.

Mr. Thorndyke was married Jan. 12, 1865 to Miss Sophia Acom of Joy Prairie and sister of Mrs. C. A. Osborne of this city. She died Feb. 5, 1909. Mr. and Mrs. Thorndyke were the parents of but one child, Miss Mary, who has been the dutiful support and stay of her aged father for a number of years.

Mr. Thorndyke was a member of Matt Starr Post, No. 378, Grand Army of the Republic and was a man highly esteemed for many good qualities. He was honorable in all his dealings and true to his word. He was kind in his family, a good neighbor and a devoted friend. He leaves, besides his daughter, Miss Mary, two sisters, Mrs. Mary Batchelor of Warrensburg, Mass., and Mrs. Maria Sanford of Boston. He was a cousin of Lyman F. Joy and had many connections in the east. He was about 85 years of age at the time of his death.

Definite arrangements for the funeral will be made as soon as the time of the arrival of the remains is known and interment will be in Diamond Grove cemetery.

## THE MOSHER FUNERAL FRIDAY AT WINCHESTER

Methodist Pastor Has Charge of Well Attended Service—Other Scott County News Notes.

The funeral of Mrs. Samuel Mosher was held Friday afternoon at 2:30 o'clock at the Winchester Methodist church, in charge of the Rev. C. W. Cassey. The auditorium was filled with relatives and friends of the deceased and the service was most impressive. Music was furnished by the choir.

Interment was made in Winchester cemetery and those who served as bearers were John Lashmet, W. C. Cowper, P. R. Nelson, Edward Watt, Chris Munze and John Coultas.

Winchester Personal Notes. E. G. Miner returned Friday to Rochester, N. Y., after a visit with his father and sister, Dr. James Miner and Miss Bertha Miner.

Mr. and Mrs. Norman Campbell, Mrs. John Hawk and Miss Georgia Hawk were here Friday from Merritt.

William Balsley was in St. Louis Thursday and Friday on business. Mrs. Mary Shipley was a visitor Friday in Bluffs.

J. A. McKeene, Judge Funk and John Coultas drove to Naples Friday on a business trip.

Attend Teachers' Meeting. Winchester teachers went Friday to Bluffs where they attended the sessions of a Scott County teachers' meeting. A part of the company were taken in cars by Charles Coultas and Wayne Hill. Among those attending were Supt. Smith; Mr. Griner and Misses Wells, Harris and Lertzell of the high school; Misses Mudd, Trickey, Richardson, Thompson, Sperry, Townsend, June Coultas and Caroline Coultas.

Social Happenings. Pioneer Lodge No. 70, I. O. O. F. held a regular meeting at Odd Fellows' hall last night, followed by a luncheon and smoker which proved very enjoyable. Work was conferred in the second degree. The lodge of Lynville had been given an invitation to attend in a body and their compliance was welcome warmly. On several occasions in the past the two lodges have met together and a profitable meeting, with excellent fraternal feeling has always resulted.

Ladies of the Baptist church gave a chicken pie supper Friday evening. The event was well patronized and a goodly sum was realized. Baptist church suppers are deservedly popular as ladies of that congregation in their cooking and serving are both generous and skillful.

## MRS. LILLIAN I. DANSKIN CRITICISES ILLINOIS JAILS

Addresses State Suffrage Convention—Pays Tribute to Work of Miss Anne Hinrichsen.

Peoria, Ill., Oct. 29.—Illinois jails were criticised here today in an address by Mrs. Lillian Danskin of Jacksonville, Ill. Mrs. Danskin spoke on "Consideration of Our Charity Funds" before the convention of the Illinois Equal Suffrage Association. She paid tribute to the work of Miss Anne Hinrichsen, of Jacksonville as inspector of public institutions of the state.

"Such work as she is doing cannot fail to result in better conditions for our dependent and delinquent citizens," said Mrs. Danskin. "It also cannot fail to inspire terror and alarm in the corrupt office seeker and office holder who uses his power to bleed the public treasury for his own selfish needs."

"The jails in many counties are dirty, ill ventilated and conducted under the jail law of 1827. There was a new jail law passed in 1874 which is not enforced. When we ask why not, they tell us each sheriff follows the lead of his predecessors and 'there ye ar-re,' says Mr. Hooley. Let us be grateful that one sheriff had the courage to tread a new path. Sheriff Wheeler of Sangamon county turned back to the county all the money not actually expended for the prisoner's food and Miss Hinrichsen said when he gave back the thousands of dollars he might have kept 'the jails of Illinois rocked on their foundations.' In Morgan county we pay 50 cents a day to our sheriff for each prisoner. What do you pay in your county? You have a right to know. Too often the jail, instead of being a corrective and deterring agent, is a school for criminals, the winter resort of vagrants, bums and bootleggers. If this class could be compelled to work on the streets or roads their number would be greatly lessened."

"The care of the poor requires methods different from that required for criminals. Help should be given so that it may not only relieve the immediate distress, but help the poor to help themselves. "In counties where the associated charities or other private charity workers co-operate with the county officials in the disposition and expenditure of the poor funds, much good is accomplished with permanent results."

It is easy to find Knoles' clothing house and choice goods there.

Messrs. Jos. Estaque, T. F. Carter, J. G. Strawn and Dr. L. H. Clampt have returned from attending the Grand Chapter of Royal Arch Masons in Chicago.

## MAYOR RODGERS SUGGESTS NEW PAVING PLAN

Believes that Street Paving With Drainage in Center Would Give Best Results.

Mayor H. J. Rodgers, who is especially interested in the matter of public improvement and who has an understanding of engineering and mechanical problems, believes that street paving would be more satisfactory if built after a different system than that which has prevailed in the past. The plan of paving used in this city and most other cities in the past has been to construct a pavement with a crown—that is, the center several inches higher than the pavement at the curb line. Mayor Rodgers has been studying the matter for some time and believes that better results would be attained if the pavement were lower in the center than at the curb. His idea would be to start the pavement even with the curbing and then slope it somewhat to the center and have the other side of corresponding grade. This would result of course, in having the water run down the center of the street at the time of rain or thaw, and Mr. Rodgers believes that this would do away with the annoyance of having refuse matter collect adjacent to the curbstones.

The result would be too, that the greater part of the surface water would not run into sewers at all but would be carried to the brook on the surface of the pavement. Where connection with a sewer is necessary, it would be made in the center of the pavement instead of at the curb line, at some corner as is the present plan. Still another good result would be to increase the vehicle space on corners. With provision made for draining the water along the curb lines and into sewer connections on street corners it is necessary to provide iron aprons to cover the sewer intakes and also to provide safe crossing for pedestrians. In this way on some corners at least two feet of space on each side of a pavement is not available for vehicles that pass. The idea has appealed to all to whom Mr. Rodgers has presented it and engineers who have discussed the idea see no reason why it is not practicable and believe that it would be beneficial to the public. The plan will receive some further consideration and may be incorporated into some of the street paving work which is to be done during 1916.

## FIRE AT RESIDENCE OF C. C. COCHRAN.

The fire department was called to the residence of Dr. C. C. Cochran, 309 West College avenue at 10:30 o'clock Friday morning. Fire had started in the roof by sparks from the chimney. The department made a prompt response but several neighbors with hand chemical apparatus had gotten the blaze under control. The department used the chemical and the damage from water may be considerable. Dr. Cochran estimated that about a third of the roof was damaged.

## TWO FOR ONE SALE

A Sellers Kitcheneed and a 26-piece set of Oneda Community Silverware—both nationally known and approved—a saving on both of \$7.55.

This is one of the very few opportunities that occur in a lifetime to get two such unquestionably good values together.

Sellers KITCHENEEDS are known by every one who has ever seen them to represent thoroughly and in EVERY detail every requirement that could be made of a kitchen cabinet. They are built, finished and equipped to perform a labor, step and time saving service for a life-time.

For this week while our allotment lasts. It will be possible to secure a Twenty-Six Piece Set of 10-year guaranteed Oneda Community Silverware with every Sellers Kitcheneed sold, for \$24.50. This set is composed of:

6 KNIVES, 6 FORKS, 6 DESSERT SPOONS, 6 TEASPOONS, SUGAR SHELL, BUTTER KNIFE

Both of these articles are nationally known and approved by housekeepers. To find the two together offered at such prices is an opportunity not to be overlooked. For if you were to attempt to buy the silver set, for instance, in any retail store it would cost you \$10.00.

The prices here give you an idea of what it means to get the two together.

A \$10 Value for \$2.45
